

Turn on your peace of mind

Philips Hue welcomes you home and lets you control your lights from your bedroom to your back yard. You can automate your lights completely to make it seem like you're home when you're not.

Turn on your imagination

Turn your everyday lighting into an extraordinary experience. Play with colours or sync lights with your music, TV and games for an immersive effect.

The possibilities are endless once you start exploring. And with hundreds of apps to choose from, the only real limit is your imagination.

Enhance your everyday life

Philips Hue can wake you up, get you energised, make you feel safe, improve your mood or enhance your entertainment experience. It can even keep you informed about the weather or incoming calls.

The possibilities are endless once you start exploring.

Installing your Philips Hue is as easy as

1 Screw in bulb

2 Install Bridge

3 Download app

hue personal wireless lighting

Your **personal** wireless lighting system

Hue White & Colour Ambiance

Limitless Possibilities

Get started with Philips Hue white and colour ambiance bulbs and experience high quality white and coloured light that offers you endless possibilities.

Hue White Ambiance

Light for your moments

Philips Hue white ambiance can help you to fall asleep and wake up gently. It can energise you and help you to concentrate, read and relax.

Hue White

Easy control & comfort

Let your lights welcome you home or switch off automatically when you leave home. It's all about simplifying your life and giving you peace of mind in smart and useful ways.

Hue LightStrips+ & Luminaires

Philips Hue Lightstrips & Luminaires are the most flexible light source imaginable. They are the most versatile smart light sources that will bring your room to life.

Controls

Philips Hue is your personal wireless lighting system. You can control and personalize your Philips Hue system with our Philips Hue app. With support of the bridge you can control your smart lights directly via the dimmer switch or tap switch without the use of your smart device.
