

MATTE

Design Guide

INNOVATIVE PAINT TECHNOLOGY

Introducing COLORSTEEL® Matte

When it comes to great design, every element is considered. From shape and form, to colour and texture, it's the details that matter. COLORSTEEL® Matte – a refined choice, which proves the beauty is in the detail.

COLORSTEEL® Matte uses innovative micro-wrinkle paint technology to evenly diffuse light, creating a unique lustred surface and a soft textured look. COLORSTEEL® Matte appears much less reflective than standard and low gloss finishes and reveals the true tone and depth of colour not seen in other finishes.

SCOPE OF USE

- » COLORSTEEL® Matte is ideal for roofing, cladding, fascia, rainwater goods and garage panel door applications.
- » COLORSTEEL® Matte is available in a number of profiles including corrugated, tray and trapezoidal.
- » Available in three colours; FlaxPod® Matte, TidalDrift® Matte, & SnowStone® Matte.
- » To ensure you always get the right COLORSTEEL® product, please specify as follows: Brand name + Product + Paint Colour + Finish (e.g. COLORSTEEL Maxx® FlaxPod® Matte).
*Strippable film is available for additional manufacture and installation protection.

WHY COLORSTEEL® MATTE

- » **Sustainability:** All COLORSTEEL® products are made in NZ and carry the Environmental Choice NZ licence.
- » **Transparency:** Environmental product declarations are available online.
- » **Proven performance:** BlueScope Steel, our parent company, has been manufacturing & performance testing Matte finishes since 2016.
- » **Trust:** COLORSTEEL® is made, tested and trusted for New Zealand conditions. New Zealand Steel has been making COLORSTEEL® for over 35 years and has a strong track record of quality and honouring warranties. For warranty details, refer to colorsteel.co.nz/warranty, or the Environmental Categories, Warranty & Product Maintenance Recommendations brochure.

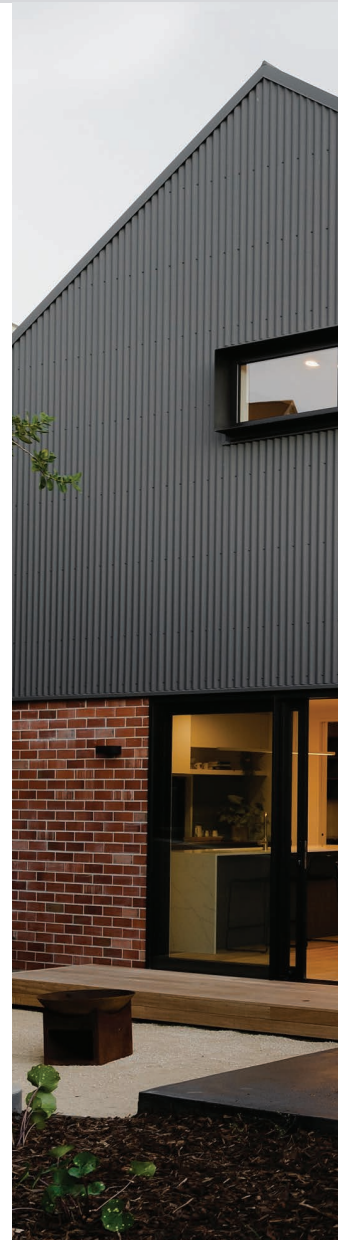

COLORSTEEL TidalDrift® Matte, Internal Insulated Panels, Pauanui
