0028 Black

EXPONA DOMESTIC STRUCTURE

EXPONA DOMESTIC is top quality vinyl flooring in tile and plank formats. Each layer has been thermally pressed for ultimate performance

THE POLYURETHANE SURFACE TREATMENT
Thanks to a factory-applied polyurethane surface treatment, there is less work for you to do to care for your floor.

THE WEAR LAYER
This transparent, extremely dense layer is hard-wearing and protects the pattern below. This allows the surface embossing to create a particularly authentic effect

THE PATTERN LAYER
Many designs have been developed exclusively for EXPONA and embossed onto the pattern layer by means of innovative technologies.
** Colour and designs for illustration purposes only*

THE STABILISATION LAYER
Improved dimensional stability is achieved by minimising the changes caused by physical properties (e.g. by temperature fluctuations)

THE LOAD-BEARING LAYER
The basis for the long service life and high performance offered by EXPONA floors
