

Pull Handles & Push Plates

General hardware

The Legge range of push and pull plates are ideally suited to heavy duty applications such as hospitals, schools and high usage public facilities.

The products are available in a wide variety of sizes and handle options to suit the majority of installation requirements.

Features

- Manufactured of US304 Grade stainless steel
- Concealed and visible fixing options
- Radius and square corner models
- Size options suit most installation requirements
- Standard and offset pull handle options
- Engraving options available
- The 10 year warranty provides specifiers and users with assured quality
