ZELLIGE

Moroccan tradition meets industrial ceramics. The hand-crafted look tiles in the Zellige series are stocked in 8 colourways, with four others available by indent order, with glossy finish and visible variations in tone. Random installation creates a blend effect, in which the colours vibrate strongly. 100x100mm.

Wall only | Gloss

* Not recommended for floors.

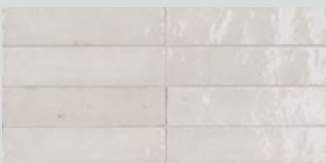

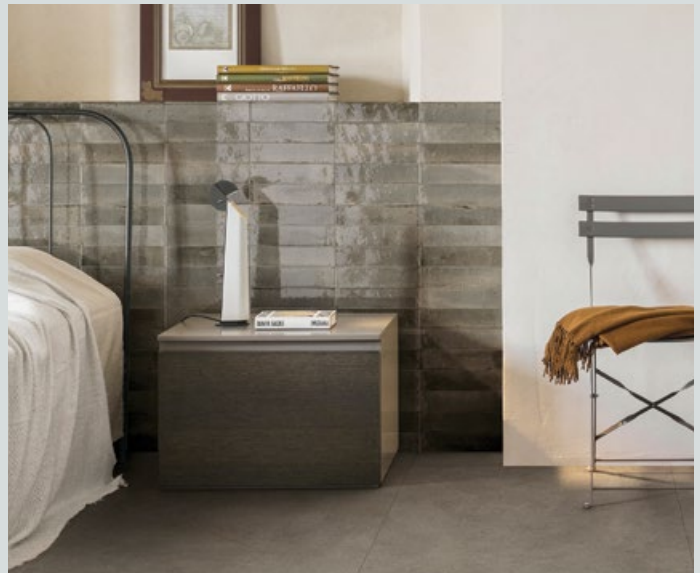

ARCHIPRODUCT'S
Best Design in Finishes!

LUME

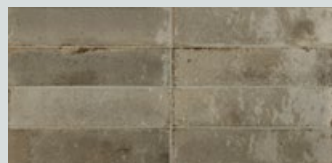

Variations in colour and patterning create interplays of light which add vibrancy to spaces. Suitable for floors, walls and exterior walls and pools. Lume in 60x240mm has a decidedly contemporary appeal and ultra-glossy surface. Available in six shades - White, Black, Green, Blue, Musk and Greige. Lay horizontally, vertical or herringbone!

CREST MOSAICS

Stunning Natural Stone alpine-shaped mosaics with silver and gold accents. These are exquisitely cut and beautifully refined. In a polished finish, these truly transform any space. Available in 330x279mm sheets, CREST GOLD is Calacatta and CREST SILVER is an Oriental White Marble.

CREST GOLD

CREST SILVER

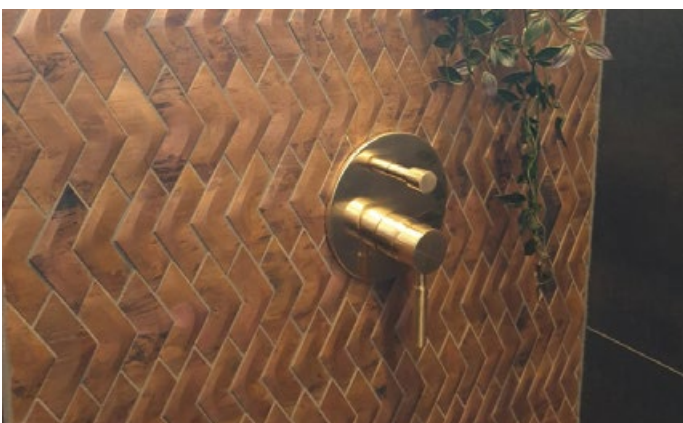

COPPER PENNY ROUNDS

The perfect size at 23mm in diameter! Copper, as a metallic look, is incredibly popular.

NB: As this is real copper, the product will oxidise over time to create a blue/green patina. This is a coveted look but may not suit all tastes. A sealer can be applied to maintain a freshly laid look.

As seen on *The Block NZ!*
VEE MOSAICS

These stunning 3D mosaics come in copper plated (natural copper) and brass (real brass).

TIMBER-LOOK TILE

Wood-look tile is a trend that continues to attract. Given its ability to look warm and inviting in living areas, foyers and in a full bathroom with both walls and floors, it's not surprising that wood-look tile is a popular choice for builders and renovators!

Check out some great options here for your project. Tile Warehouse has the largest selection of timber-look tile in the country!

20mm PORCELAIN PAVER RANGE

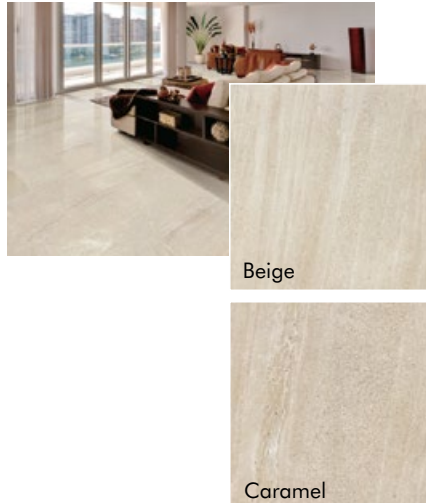

20mm Porcelain Pavers are twice the thickness of most tiles and have all the benefits of a regular porcelain tile. They are the ideal paving solution in that they will not stain, fade and require no treatment. They are also easy to install. Porcelain pavers and slabs can be laid dry on sand, grass, or gravel or they can be laid on concrete with adhesive, as you would a traditional porcelain tile.

Another alternative is to lay them using adjustable, raised supports such as our Pro-Jack supports with open joints allowing for drainage and providing a level tiled area out from doors to exterior living areas. Porcelain pavers tend to be more interesting in design compared to traditional pavers, and they often complement a 10mm porcelain range. This way they can be used both inside and outside creating internal, external flow. Here are a few of our porcelain paver collections:

NB: Pavers are available in 600x600mm. Other sizes may be available in 450x900, 600x1200mm, POA.

Get the look and feel of timber floor without the maintenance and hassle.

Our all-new ALPINE flooring provides the warmth of timber with the durability of stone. An innovative click-together system alongside the pre-applied acoustic layer, allows for quick and easy installation.

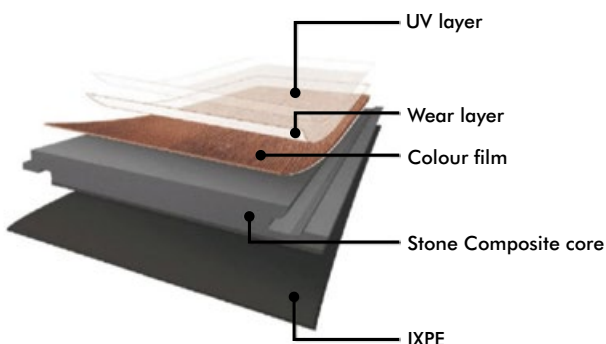

ALPINE Stone Composite Flooring provides exceptional durability, temperature stability, and impact resistance.

ALPINE planks are made up of five distinct layers, each working in partnership to create a floor that will stand up to the tough demands of life. These layers are bonded together in a one-step heat fusion process, not glued, so they won't delaminate.

Can be installed in: Kitchens, Living Rooms, Living Areas, Entrances, Hallways. The product can be installed in wet areas so long as the correct NZ Building Standard water-proofing methods are employed first.
