Resene ______Construction Systems

XTHERM™Blue MASONRY OVERLAY

The contemporary, durable and energy efficient choice for your project.

XTHERM™ blue provides complete external thermal 'out'sulation whilst protecting the structure and those inside from what mother nature throws at it. Thermal insulation is one of the most important decisions made in achieving an energy efficient and sustainable project.

Proven Technology

The XTHERM™ blue Masonry
Overlay System incorporates
our exclusive 50mm thick XTHERM™
high density, fire retardant
insulation panels, providing far
greater thermal insulation and
hardness than traditional standard
grade EPS (expanded polystyrene).

The XTHERM™ blue insulation panels are fixed directly over masonry walls creating an unbroken layer of 'out'sulation which we consider to be the most efficient method to keep the warmth in and the cold out.

The XTHERM™ blue Masonry
Overlay is a complete system
incorporating a lamina of
hand applied modified plaster
coatings, full surface fibreglass
reinforcement, styled with your
choice of textures from ROCKCOTE
or Plaster Systems all finished with
Resene protective coatings in your
favourite Resene colours.

Attractive and Durable

XTHERM™ blue System carries our written 15 year Performance Guarantee, and 5 year Workmanship Warranty from your qualified LBP Registered Plasterer. The XTHERM™ blue Masonry Overlay systems include our exclusive OnSite Quality Assurance programme providing surety of performance from installation through to the finish.

Innovative design.
Integrated systems.
Enduring finish.

XTHERM™Blue MASONRY OVERLAY

System Features

- + Insulation thickness 50mm
- + Extra High density / 35kg/m3
- + Complete thermal envelope
- + Breathable system
- + Hand Plastered
- + Fibreglass reinforced
- + Crack resistant plaster technology
- + Registered LBP supply & install
- + Performance Guarantee
- + 'Genuine' Resene Colour Range
- + OnSite Quality Assurance

- 1 Masonry Block / Solid Concrete
- 2 XTHERM™ Blue 'Out'sulation Board
- 3 Base Plaster
- 4 Fibreglass Reinforcement
- 5 Levelling Plaster
- 6 Resene Limelock
- 7 Texture Style
- 8 Resene X200
