

# Floor Guard

## Temporary Floor Protection

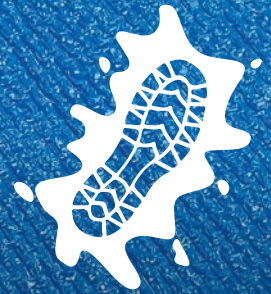

Masons Floor Guard is a heavy duty floor protection sheet designed to protect surfaces from moisture, marks and damage.

- > WATER REPELLENT
- > IMPACT RESISTANT
- > HARD WEARING
- > REUSABLE

The closed cell foam backing protects the surface from impact and is fused to a strong poly-fabric blue weave that give the product its hard wearing finish.

**MASONS**  
Designed Smart, Built Tough.

**SLIP RESISTANT**

### APPLICATIONS

- Natural stone, floor, wall and bench-tops
- Tiled areas
- Carpet and timber floors
- Can be used indoor and outdoor

### PHYSICAL PROPERTIES

- 2-2.5mm thick
- Water repellent
- Easy to cut and install
- Reusable
- Good Impact resistance
- Has high abrasion resistance
- Extreme high decay and rot resistance
- Minimum distortion under traffic use
- Excellent chemical resistance

### Seam Tape

Seam Tape is the ideal tape for sealing the seams of the Floor Guard underlay.

A cloth duct tape with a rubber resin adhesive. Overlap the Floor Guard and seal the seams with this tape. It has extreme adhesion qualities therefore we don't recommend using it on finished floor surfaces as the adhesive may leave residue.

Description	Roll Size	Masons Code
Masons Floor Guard	1m x 24m - 24m <sup>2</sup>	MASFLOOR
Masons Floor Guard	1.2m x 20m - 24m <sup>2</sup>	MASFLOOR
Masons Seam Tape	50mm x 30m	FLOORGUARDTPE
