

# ARDEX WPM 117

## SELF-ADHESIVE, BASE LAYER MEMBRANE

ARDEX WPM 117 is a self-adhesive, fibre-reinforced SBS bituminous membrane. ARDEX WPM 117 is cold-applied and installed without the use of naked flames, and self-seals on contact if being installed using nails or other fasteners, or if cut accidentally.

### Benefits

- Resists high hydrostatic pressure
- Resistant to acids, alkalis, and other pollutants
- Fibreglass reinforced
- Self-adhesive and self-sealing
- Excellent elongation resistance
- Light and flexible
- Assured versatility

### Use

As a base layer over heat-sensitive substrates as part of the ARDEX Bituminous Roofing System

### Location

- Roofing
- Foundations
- Tunnels
- Suitable for installation on flammable materials or in areas where naked flames are not allowed

### Substrates

- Plywood
- Timber
- Zinc
- Aluminium
- Cement or clay tiles
- Concrete
- Stone
- Asbestos cement
- Plastics

### Size

Roll of 1m x 15m x 2mm (15m<sup>2</sup>)

### Packaging

Roll

### Code

24560
