Bathroom Heater

with Fan and Lights

MANROSE
DESIGNER SERIES

**Designer Halogen Heater
with extraction fan
& LED lights**

FAN5876 Heater/Fan/Light HALO

Low profile linear design

Complete system with centrifugal fan, ducting and grille. Individual switching for heater operation.

Triple thermal protection system with 1000W halogen heater and extraction fan delivering 69l/s.

We recommend this unit is used as supplementary to a dedicated extraction fan.
