

Asona Tile™

Perforated Wood Ceiling Tile

Technical Data sheet

asona

Description.

Asona Tile™ is a perforated wood ceiling tile with an integrated acoustic backing and pre-finished in foil laminates, veneer or paint. Asona Tile™ lends itself to tailoring for specific appearance or acoustic performance requirements.

Application.

Asona Tile™ is ideal for high-end public spaces such as governmental agencies, legislative and corporate buildings.

Composition.

Manufactured from MDF with an integrated acoustic backing (IAB)

Benefits.

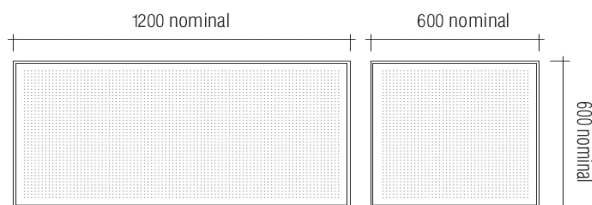

- Choice of slot & round perforation patterns
- Pre-finished decorative surfaces.
- Edge profiling and face detailing available.
- Integrated acoustic backing
